

# THE POWER OF GOLD-Dan Fogelberg

4/4 1...2...1234

**Intro:** |  |  |  |  | (X2)

 The story is told of the power of gold, and its lure on the unsus-pecting

 It glitters and shines, it badgers and blinds, and constantly needs pro-tecting.

 Balance the cost of the soul you lost with the dreams you lightly sold

 Are you under.....the power of gold?

 The letters and calls got you climbing the walls, and everyone wants a favor

 They beg to remind you of times left behind you, but you know the past is a loser.

 The face you're wearing is different now, and the days run hot and cold

 Are you under.....the power of gold? the power of gold

## p.2. The Power of Gold

**Interlude:**

**You're a creature of habit. Run like a rabbit, scared of a fear you can't name**

**Your own paranoia is looming before you, but nobody thinks that it's a game.**

**Balance the cost of the soul you lost with the dreams you lightly sold**

**Then tell me that you're free.....of the power of gold**

**the power of gold**

**Interlude:**

**The women are lovely, the wine is superb,**

**But there's something about the song that disturbs you! (repeat last 2 lines, and fade)**
