

# SAME BOAT - Singleton/Brown/Simonetti

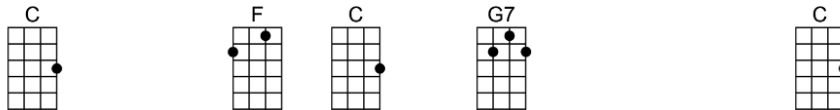

4/4 1...2...1234

We're all in the same boat, fishin' in the same hole

Wonderin' where the same time goes. We're all in the same boat

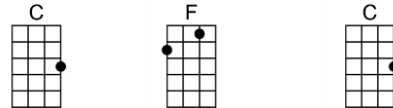

We could all believe what we be-lieve, and peacefully agree to disa-gree

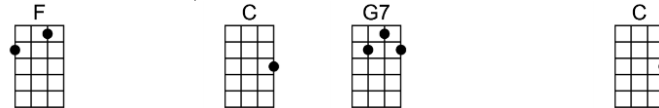

But you can't judge a man until you walk a country mile in his shoes..do 'n do do do

**Refrain:**

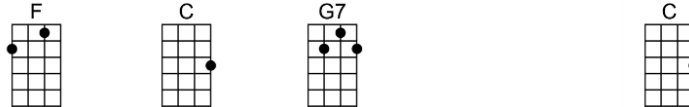

We're all in the same boat, fishin' in the same hole

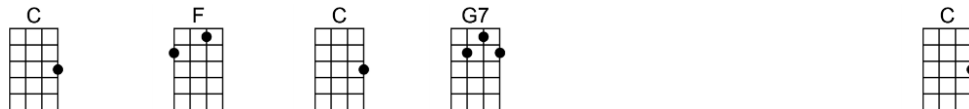

Wonderin' where the same time goes. And money too

Tryin' to fix the same broke hearts, wishin' on the same stars

We're all hopin' hope floats. And we're all in the same boat

We all been kicked and knocked a-round, but you ain't gonna keep a good man down

You can run like hell from your mis-takes, but you can't hide from your truth..root 'n do do do

## p.2. Same Boat

### Refrain (“We’re all....”)

**Interlude:**

									
8	8	8	4	4	8	4	4	8	8

Share them peaches, if you're holdin', take those shots and keep reloadin'

If you can't be nice, don't say nothin' at all

So help somebody who might be strugglin', spread a little love, gotta give back somethin'

If the ship keeps rockin', we'll all go over-board

We're all in the same boat, fishin' in the same hole

Wonderin' where the same time goes. And money too

Tryin' to fix the same broke hearts, wishin' on the same stars

We're all hopin' hope floats. And we're all in the same boat

Yeah, we're all hopin' hope floats. We're all in the same boat
