

SURE GONNA MISS HER - Bobby Russell

4/4 1...2...1234

Intro: |   |   |   |   | (X2)

I never did too much to make her stay here.

And words of love to her I'd never say

I guess I learned a lesson when she walked out to stay

But I'm sure gonna miss her, sure gonna miss her,

I'm sure gonna miss her every day

       

I don't sup-pose I ever said "I love you."

     

And I found out too late that wasn't right

p.2. Sure Gonna Miss Her

I'm just now rea-lizin' what I lost, that's why I'm cryin'

And I'm sure gonna miss her, sure gonna miss her,

I'm sure gonna miss her every night

I know I took her love for granted. Guess you could say my love was blind

Thought if she left that I could stand it, or else it didn't matter at the time

I heard she's found a guy that treats her better.

I hope he knows that he's a lucky guy

I know the rumor's true because I saw her to-day

And I'm sure gonna miss her, he was walking with her

I'm sure gonna miss her, yes I am
