

# In My Life

Lennon and McCartney

G            Em// G7//            C// Cm//            G  
 There are places I'll remember,    all my li - fe though some have changed  
 G            Em// G7//            C// Cm//            G  
 Some forever not for better,    some have go - ne and some remain  
 Em            A7            F            G  
 All these places had their moments, with lovers and friends I still can recall  
 Em            A7            Cm            G//            D// G// D//  
 Some are dead and some are living, in my life, I've loved them all

G            Em// G7//            C// Cm//            G  
 But of all these friends and lovers,    there is no one compares with you  
 G            Em// G7            C// Cm//            G  
 And these memories lose their meaning,    when I think of love as something new  
 Em            A7            F            G  
 Though I know I'll never lose affection for people and things that went before  
 Em            A7            Cm            G//            ( D// G// D// )  
 I know I'll often stop and think about them, in my life I'll love you more
