

LONGER-Dan Fogelberg

4/4 1...2...1234

Intro: First 2 lines

Longer than there've been fishes in the ocean. Higher than any bird ever flew

Longer than there've been stars up in the heavens, I've been in love with you

Stronger than any mountain ca-thedral. Truer than any tree ever grew

Deeper than any forest prim-eval, I am in love with you

Bridge:

I'll bring fire in the winters. You'll send showers in the springs

We'll fly through the falls and summers, with love on our wings

p.2. Longer

Through the years, as the fire starts to mellow, burning lines in the book of our lives

Though the binding cracks and the pages start to yellow

I'll be in love with you. I'll be in love with you

Interlude: Chords of bridge

Longer than there've been fishes in the ocean. Higher than any bird ever flew

Longer than there've been stars up in the heavens, I've been in love with you

I am in love with you
