

# A LOVE LIKE OURS - Mann Holiner/Alberta Nichols

4/4 1...2...1234

**Intro:** |   |   | (X2)

Love may be a fancy, just a moment's bliss, but love like this cannot en-dure

Just another romance, ending in a kiss, but I'm absolutely sure

A love like ours can happen but once in a lifetime

It's hard to believe two mortals could weave such beautiful dreams

A love like ours can weather the storms of a lifetime

Each trouble's a thrill that helps to fulfill our wonder-ful schemes

   

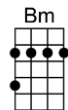

Time brings many changes, kingdoms rise and fall

    

But, time stands still, it always will, when love is all

## p.2. A Love Like Ours

Heaven showers its blessings on one in a million

How lucky we caught the moment that brought a love like ours

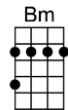

### Interlude: Chords of lines 3-6

Time brings many changes, kingdoms rise and they fall

But, time stands still, and it always will, when love is all

Heaven showers its blessings on one in a million

How lucky we caught the moment that brought a little love like ours
