

FOREVER AND EVER-Royal Wood

4/4 1...2...1234

Intro:     (8 beats each)

These two rivers meet, they run together, I will be with you, for worse or better

We'll keep travelin', long as the sun lasts, 'cause my future met and married your past

When the stars fade to black, I will say:

Hey, hey, hey, I want to run with you. Hey, hey, hey, so let them call us fools

Hey, hey, hey, I'll sing this song to prove:

For-ever and ever and ever, for-ever and ever and ever

Been quiet for so long, I didn't notice, was lonely for someone I didn't know yet

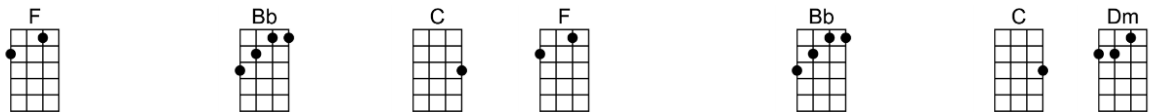

But now we chase the moon to the horizon, and you are still the one I've got my eyes on

When the stars fade to black, I will say:

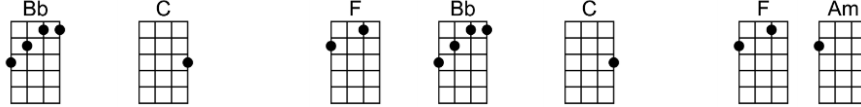

p.2. Forever and Ever

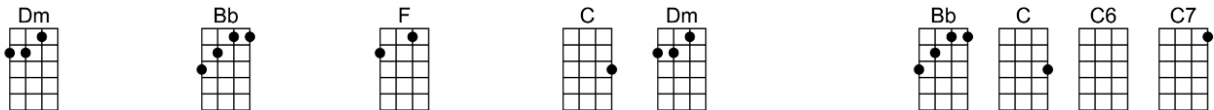

Hey, hey, hey, I want to run with you. Hey, hey, hey, so let them call us fools

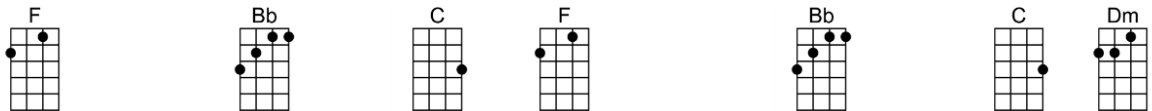

Hey, hey, hey, I'll sing this song to prove:

For-ever and ever and ever, for-ever and ever and ever

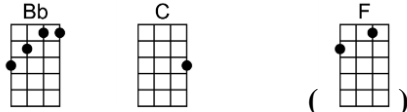

How was I to know, how was I..., how was I... where this life would go, now for – ever

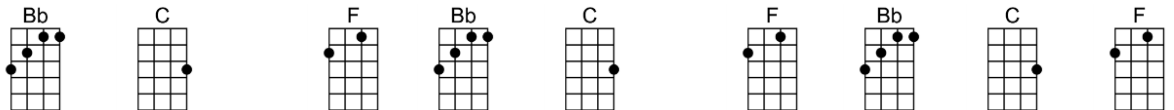

Hey, hey, hey, I want to run with you. Hey, hey, hey, so let them call us fools

Hey, hey, hey, I'll sing this song to prove:

1. For-ever and ever and ever, (repeat refrain, then 2nd ending)

2. For-ever and ever and ever, for-ever and ever and ever, for-ever and ever and ever
