

SING A

JAMIE Hedge and Donna
4/4 1...2...1234

Intro: First 2 lines

Momma, I see you smilin' and it's plain to me and Jamie

That your life has brought you places where your mind can make you happy

Where your thoughts don't drive you crazy, they just flow on free and easy

And I know.....

Poppa, I bought some licorice 'cause I know how much it pleases

And I ran all the way from downtown and I only ate three pieces

And I love to hear your laughter 'cause it comes from deep within you

And I know....

p. 2 Jamie

I know that we gotta meet on the mountain, we gotta meet on the mountain

We gotta meet on the mountain

‘Cause I love that long lost mountain, I love the sea

And I do believe you are me, I do believe you are me who-ever you may be...

Repeat 1st verse

And I know.... and I know

Repeat 2nd verse

And I know...And I know....oooo
