Intro: | D | G | Bm A | G |

D **A**
Sittin' here most of the night, sippin' this beer, feelin' all right

Bm **A** **G**
With my old buddies lined up at the bar

D **A**
Jukebox playin' soft and low, 'bout to pay my tab, hit the road

Em **F#m** **G**
Just my luck, someone plays that song

D **A**
And I'm switchin' to whiskey before the memory gets me

Bm **A** **G**
Fill it to the top, let it burn me all the way down

D **A**
I'm gonna drown my sorrow, sober up to-morrow

Bm **A** **G**
To-night I fly so high I can't be found

A **Bm** **G** **D** **G** **Bm** **A** **G**
'Til I don't care that she don't even miss me. I'm switchin' to whiskey

D **A**
I can see her now, plain as day, the night she took my breath away

Bm **A** **G**
Dancin' like a carou-sel on fire

D **A**
Through the barroom smoke, her blue eyes shinin', holding her, like she was mine

Em **F#m** **G**
And the beer ain't strong e-nough to ease my mind
