

## Got a Lot of Rhythm in My Soul

Barbara Vaughan, W. S. Stevenson

A                      A                      D                      D  
Come on dad get with the jive that let's em' know that we're alive  
A                      A                      E                      E  
Until the break of dawn we'll yell for more, more, more  
A                      A                      D                      D  
Gonna live it up and tear it down, get in the groove and paint the town  
E                      E                      A                      A  
Gotta lot of rhythm in my soul.....well now

D                      D                      A                      A  
Baby baby let's go tonight, together you and me  
D                      D                      B7                      E7  
Baby baby when ya hold me tight, oo wee, whatcha do to me  
A                      A                      D                      D  
The big black hands on the clock, tell me that it's time to rock  
E                      E                      A                      A  
Gotta lot of rhythm in my soul

### <Instrumental verse>

A                      A                      D                      D  
Big bad Pete with a crazy bop when the lights are low and the music's hot  
A                      A                      E                      E  
We'll dance from 2 to 3 and then a half past 4  
A                      A                      D                      D  
When that sun peaks over the hill, I won't stop I'll be rockin' still  
E                      E                      A                      A  
Gotta lot of rhythm in my soul.....well now

### <Chorus>

### <Instrumental verse>

### <Chorus> <tag last line>
