All you preachers who delight in panning the dancing teachers

Let me tell you there are a lot of features

Of the dance that carry you through the gates of Hea - ven

It's madness to be always sitting a-round in sadness

When you could be learning the steps of gladness

You'll be happy when you can do just six or se - ven

Begin today, you'll find it's nice, the quickest way to paradise

When you practice, here's the thing to do. Simply say as you go

p.2 I'll Build a Stairway To Paradise

I'll build a stairway to paradise, with a new step every day

I'm going to get there at a - ny price. Stand a-side, I'm on my way

I've got the blues and up a-bove it's so fair. Shoes, go on and carry me there

I'll build a stairway to para -dise, with a new step every day

With a new.... step..... every... day
