Though I've tried before to tell her

Of the feelings I have for her in my heart

Every time that I come near her I just lose my nerve as I've done from the start

Every little thing she does is magic. Everything she do just turns me on  
Even though my life before was tragic now I know my love for her goes on

F G A B C#

Do I have to tell the story of a thousand rainy days since we first met

It's a big enough umbrella but it's always me that ends up getting wet

## <Chorus>

I resolved to call her up a thousand times a day

Ask her if she'll marry me in some old fashioned way

But my silent fears have gripped me. Long before I reach the phone  
Long before my tongue has tripped me must I always be alone

Every little thing she does is magic. Everything she do just turns me on  
Even though my life before was tragic now I know my love for her goes on
