

That's Why Tammy Has My Car

The Boxmasters

I had a little too much to drink last night and I burned up the dinette set
And then me and Tammy had a horrible fight about me getting us in debt
She locked me out so I could sleep with the dog and she poured out all of my booze
Later on I heard her sawing logs while me and Fluffy sang the blues

Well, I'm a moron (he's a moron). I'm a dummy (he's a dummy)
I'm an irresponsible wash out and a debit to my gender
I spent too much time in bars, I let the asshole go too far
And that's why Tammy has my car

Lately I've had time on my hands since I quit that pizza place
Seems I'm better with my liver than my other glands
And the ground's best friend is my face
Lately I'm drinking out of a bag since Tammy hooked up with that singer
And every now and then they pass me in my jag and they both throw me the finger

<Chorus>

Well, I'm a moron (he's a moron). I'm a dumbass (he's a dumbass)
I'm an irresponsible wash out and a debit to my gender
Now I'll sleep beneath the stars and her lawyer's the head of the bar
Anyway, that's why Tammy has my car

Billy Bob Thornton had a minor career in music before becoming an actor. "The Boxmasters," his current band, has released several albums, mostly of covers or humorous songs in the blues-rock genre.
