4/4 1...2...1234

Intro: |   |   | (X2)

    
I miss you more each day, since you've gone a-way

       
I long for your touch, I need you so much, my love

    
You never seem to know that I love you so

       
The pain in my heart just tears me a-part, my love

 
I want you to know I yearn for you so

    
The days pass me by, while I'm left to sigh

 
Just give me one more chance, to prove that our romance

   
Will last through the years, through our joy and our tears
