Intro: |   |  | (X3) |    |

This is the end. Hold your breath and count to ten

Feel the earth move, and then hear my heart burst a-gain

For, this is the end. I've drowned and dreamt this mo - ment

So overdue, I owe them. Swept away, I'm sto - len

Let the sky fall. When it crumbles, we will stand tall, face it all to-gether

Let the sky fall. When it crumbles, we will stand tall, face it all together

At Sky-fall, at Sky-fall

Skyfall is where we start. A thousand miles and poles apart

   

Where worlds collide, and days are dark, you may have my number,

   

You can take my name, but you'll never have my heart

p.2. Skyfall

Let the sky fall. When it crumbles, we will stand tall, face it all to-gether

Let the sky fall. When it crumbles, we will stand tall, face it all together

At Sky-fall, (let the sky fall, when it crumbles, we will stand tall)

Where you go, I go, what you see, I see. I know I'd never be me without the se-curity

Of your loving arms, keeping me from harm. Put your hand in my hand, and we'll stand

Let the sky fall. When it crumbles, we will stand tall, face it all to-gether

Let the sky fall. When it crumbles, we will stand tall, face it all together at Sky-fall

Let the sky fall

We will stand tall

at Sky-fall

Ooh....
