Intro: | GMA7 | C | (X2)

April gave us springtime and the promise of the flowers
And the feeling that we both shared and the love that we called ours
We knew no time for sadness, that's a road we each had crossed
And, we were living a time meant for us, and even when it would rain, we would laugh it off.

I've got pieces of April, I keep 'em in a memory bou-quet
I've got pieces of April, it's a morning in May

We stood on the crest of summer, beneath an oak that blossomed green
Feeling as I did in April, not really knowing what it means
But it must be then that you stand beside me now to make me feel this way
Just as I did in April, but it's a morning in May.
