

UKULELE SONG-Arthur Godfrey

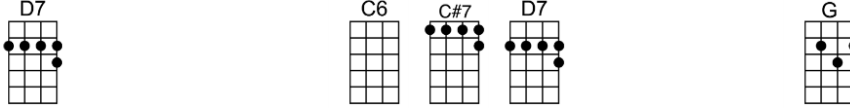

4/4 1...2...1234

Intro: Bar the 7th fret, then play 4th to 1st strings, individually (X2)

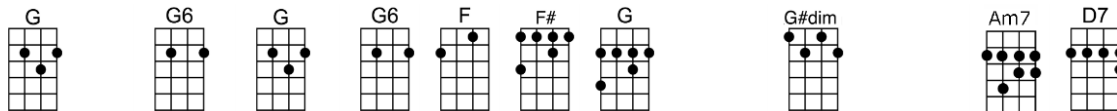

Girl met a boy, boy met a girl,

once up-on an uku-lele

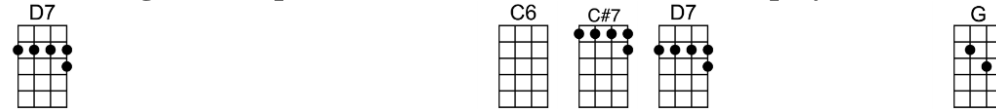

Boy couldn't play GCEA

on the lady's uku-lele

Moonlit la-goons, tropical tunes.

How she played her uku-lele!

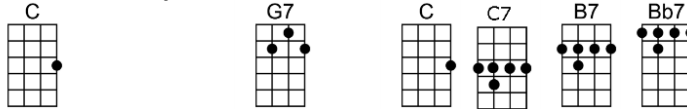

Though he could pet, he couldn't fret

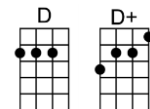

on her pretty uku-lele

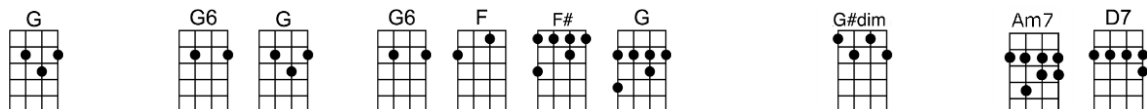

Stranger came by, with a gleam in his eye

And, oh, how he could wiki-waki-woo

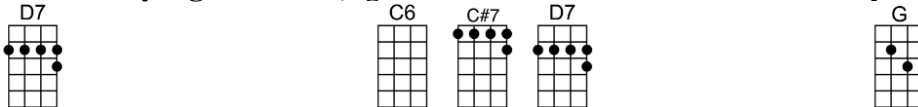

After a while, they went marching down the aisle, singing wiki-waki "we do"

Now the boy's gotten wise, girls ido-lize

the way he plays his uku-lele

Easy to see, take it from me.

Get yourself an uku-lele

p.2. Ukulele Song

Instrumental verse

Stranger came by, with a gleam in his eye

And, oh, how he could wiki-waki-woo

After a while, they went marching down the aisle, singing wiki-waki "we do"

Now the boy's gotten wise, girls ido-lize

the way he plays his uku-lele

Easy to see, take it from me.

Get yourself an uku-lele
