ROCK ME ON THE WATER-Jackson Browne

4/4 1...2...1234

Oh, people, look a-round you.

The signs are every-where

The road is filled with homeless souls, every woman, child and man

You've left it for somebody, other than you,

to be the one to care

Who have no i-dea

where they will go, but they'll help you if they can

You're lost inside your houses.

There's no time to find you now

But, everyone must have some thought that's gonna pull them through somehow

But, your walls are burning, and your towers are turning

While the fires are raging,

hotter and hotter,

1. I'm gonna leave you here, and try to get down to the sea some-how

(2nd verse)

2. But the sisters of the sun are gonna rock me on the water now

Rock me on the water. Sister, will you soothe my fevered brow?

Rock me

on the water.

I'll get down to the sea some-how

(I'll get down to the sea some-how)

p.2. Rock Me On the Water

Oh, people, look among you. It's there your hope must lie

There's a sea bird a-bove you, gliding in one place, like Jesus in the sky

We all must do the best we can, and then hang on to that Gospel plow

When my life is over, I'm gonna stand before the Father

But the sisters of the sun are gonna rock me on the water now

Rock me on the water. Sister, will you soothe my fevered brow?

Rock me on the water, maybe I'll remember, maybe I'll remember how

Rock me on the water, the wind is with me now

So, rock me on the water. I'll get down to the sea some-how

Rock me on the water, rock me now

Rock me on the water, rock me on the water
